Demonstrated success leveraging strong customer service, problem-solving, and team leadership skills. Proficient in designing and developing responsive, user-centered web and mobile applications using modern frameworks.

Skills

- Experience creating full-stack applications with HTML5, CSS3, JavaScript, React, Angular
- Skilled in building APIs and database management with Node.js, Express, MongoDB, SQL
- Proficient with VSCode, Git/GitHub, and Agile development methodologies
- Proven ability to analyze challenges, debug code effectively, and deliver scalable solutions
- Strong communication, collaboration, and organizational skills in dynamic environments

Education **CareerFoundry Full Stack Web Developer Bootcamp, Remote** **Mar 2024 - Present**
Python for Web Developers (In Progress, Expected Completion: Jan, 2025)
Full-Stack Immersion (Completed: Oct 20, 2024) - Certificate
Intro to Frontend Development (Completed: Mar 25, 2024) - Certificate

Projects **MovieMax Clients & API | Server and Client-Side Programming** **May 2024 – Oct 2024**

- Designed a RESTful API with Express/Node.js for user registration, movie browsing, and profile management.
- Built responsive client applications in React (utilizing Forms, Router, Bootstrap) and Angular (Angular Material).
- Deployed clients to GitHub Pages/Netlify and server to Heroku.
- Demonstrated proficiency in JWT-based authentication, state management, directives, routing, and API integration.

Chat App | Mobile App Development **Aug 2024 – Sep 2024**

- Developed a React Native chat app using Gifted Chat, Firebase Authentication, and Firestore for real-time data sync.
- Ensured offline functionality and leveraged native device features like microphone, camera, and location.
- Demonstrated proficiency in cloud storage, privacy (GDPR compliance), and emulators.

Meet App | Testing in Development **Jul 2024 – Aug 2024**

- Built a React client connected to a secure API using OAuth and AWS Lambda for serverless operations.
- Conducted unit, integration, and end-to-end testing with Jest and Puppeteer.
- Enhanced offline usability with service workers and visualized data with Recharts library.
- Monitored performance with APM tools and deployed to GitHub Pages.
- Demonstrated proficiency in serverless architecture, progressive web app development, and automated testing tools.

Work Experience **Sprouts Farmers Market – Gilbert, AZ** **Jun 2019 – May 2023**
Bakery Manager

- Directed and trained a team of 4, consistently exceeding sales targets by 10% annually.

Fry's Food and Drug – Gilbert, AZ **Jun 2016 – Jun 2019**
Bakery Manager | Certified Department Leader Candidate (Completed: Sep 29, 2017)
